Dear Lambert

Now that things are moving again in Paris
I shall go and have a Laroche-Dieux sent to
you. What about the RA.

For Marduk- add MVAG 46₂, 10, etc. to
Laroche. I have played a bit with Santa(but
of course not Klaus) and if you have until

 Kennedy

I can prepare something on Santa/Marduk, but I can not start until after Christmas (an ideal time). There are texts that have been published since Laroche, etc. I also have a sudden interest in Rešef-Adad and it all ties up in a strange way. By the way Adad has nothing to do with the storm in the old Bab. period. If you ever have time could you get me G. Bechtel- Hittite Verbs in -sk-

(Edwards, Ann Arbor, 1936); Yours truly
